THE
TIGER

Foreword

The sound of happy voices, the spirit of good sports and the molding of ideals and aspirations all blend into our high school experiences.

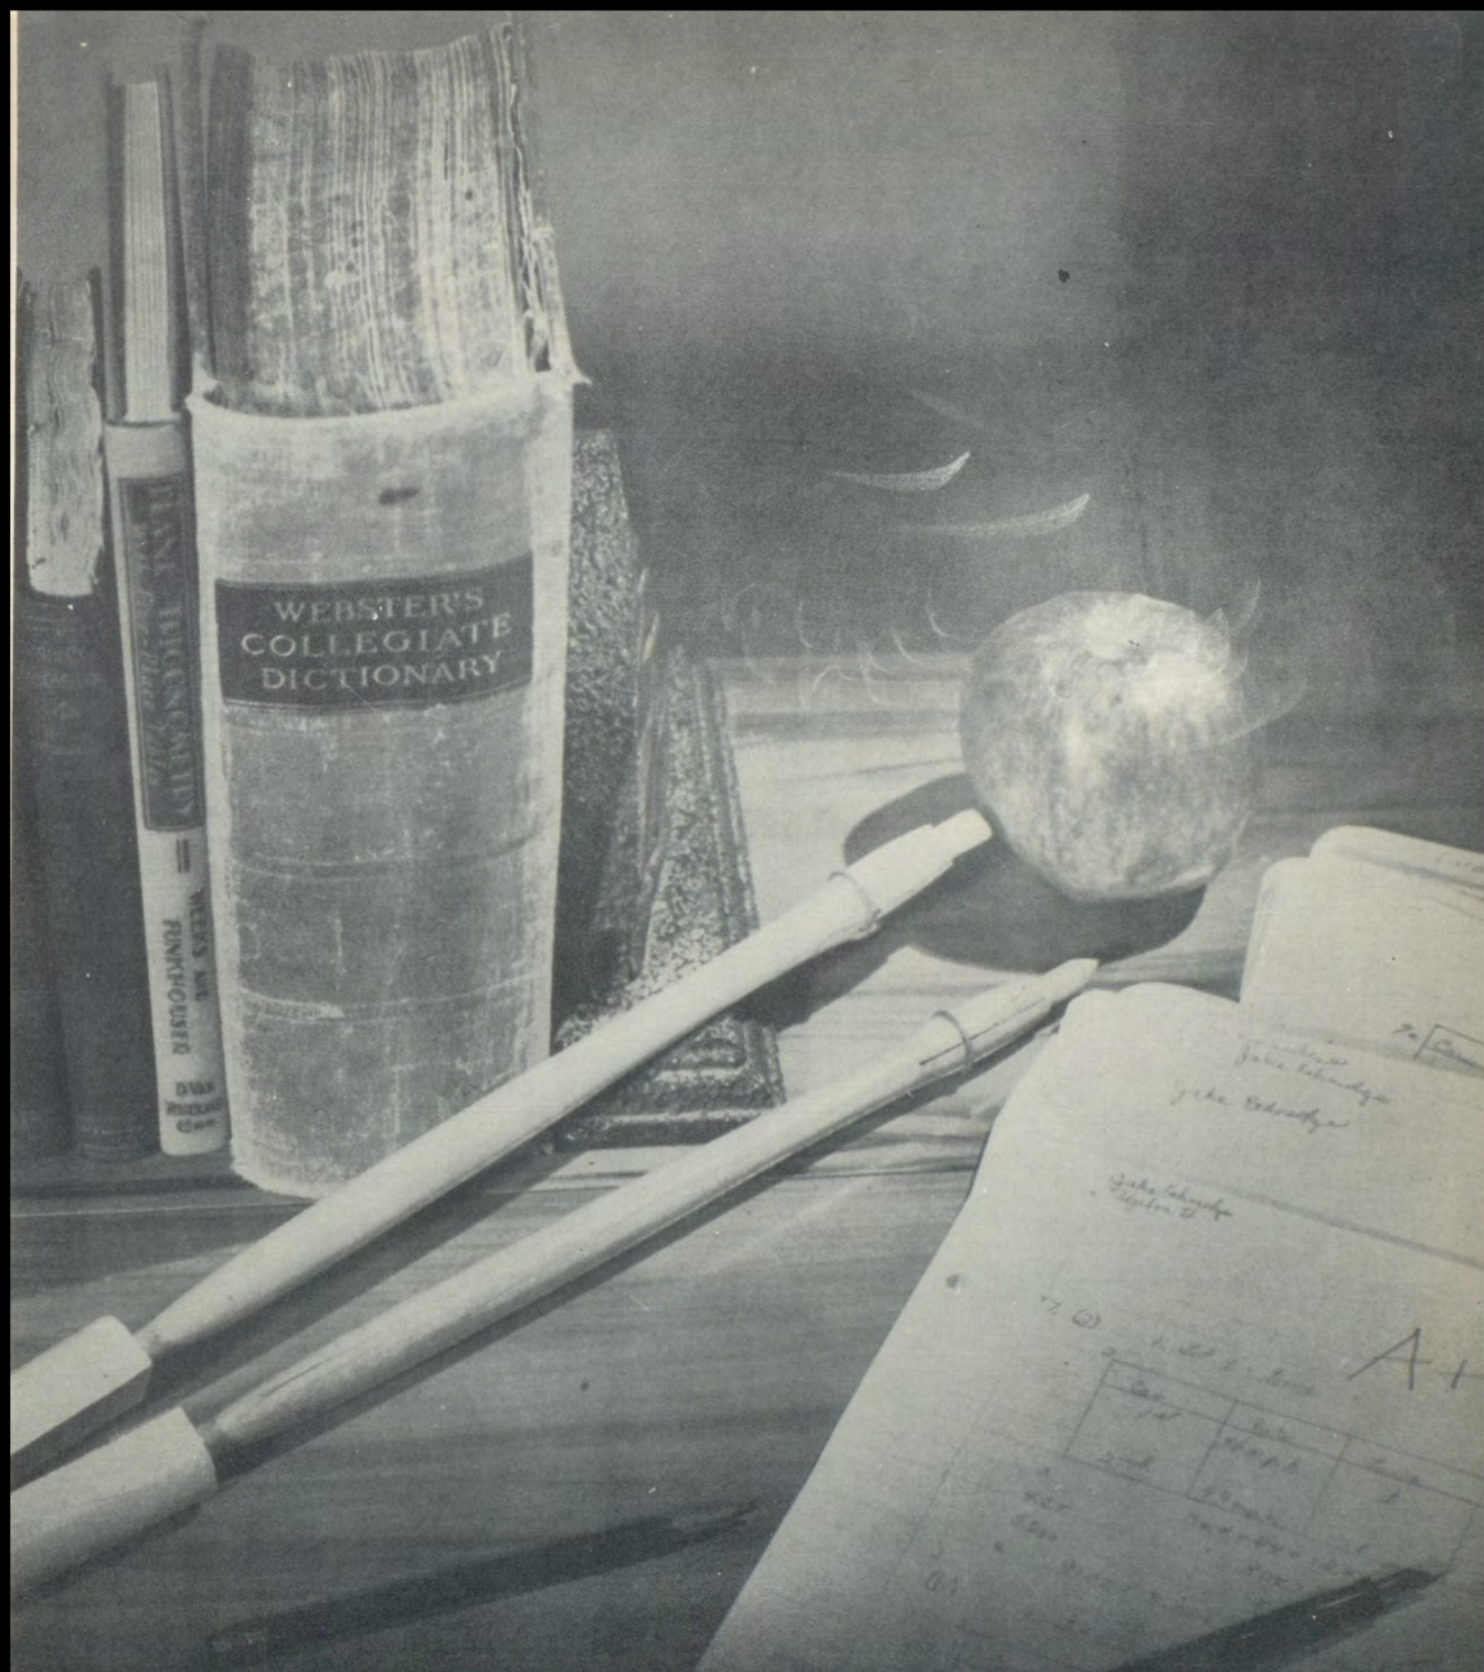

We hope this book has caught glimpses here and there, so that in years to come the activities of this school year at Seneca Public High will not be dimmed and will not fade from memory.

We hope you will feel satisfaction with this volume and with this thought the Staff presents the 1954 RESUME.

We Dedicate

We, the senior class, dedicate this volume of the 1953 TIGER to all the students who follow us. To those who are in school and to all those who enter, in the years to come, we dedicate this record of classes, activities, sports and school life in all of its phases. We sincerely hope that your memories of Seneca Public High School will be as dear to you as it has been to each of us, and that your school days here will be as happy and as profitably spent as ours have been.
